SUBJECT: Invitation to Participate in the Climate Implementation Bridge

On behalf of the COP31 Presidency, I extend my respects to you, and it is my honour to inform you of the following.

As we prepare for the upcoming 31st Conference of the Parties (COP31) to the UN Framework Convention on Climate Change in Antalya, our focus is on translating collective climate ambition into concrete and practical action. Through the COP31 Action Agenda, we are placing implementation at the heart of our efforts. Building on the framework of the Global Climate Action Agenda, we designed the COP31 Action Agenda as a practical implementation platform that complements formal negotiations by mobilising voluntary action, partnerships and coalitions among Parties and non-Party stakeholders to accelerate implementation and deliver tangible results across ten priority areas for climate action.

As part of this effort, the COP31 Presidency is honoured to share the attached concept note for the Climate Implementation Bridge, aimed at helping countries translate climate and development priorities into implementable and investable pathways by connecting them with the implementation support and finance needed for delivery.

The Bridge responds to the persistent gap between national climate priorities and capital deployment, where a lack of investment-ready opportunities and bankable pipelines constrains climate investment at scale. Through a country-owned and demand-driven approach, it helps identify priority investment opportunities, strengthen pipeline readiness, and mobilise public, development and private capital around country-defined priorities.

On behalf of the COP31 Presidency, I would like to invite you to engage with the Climate Implementation Bridge and contribute relevant expertise, implementation support, or financing capabilities. Your cooperation would be highly appreciated as we advance our joint efforts towards COP31 and beyond.

For further information or expression of interest, please contact cop31bridge@iklim.gov.tr.

I look forward to working with you towards a successful COP31 in Antalya.

Murat Kurum
COP31 President-Designate
Minister of Environment,
Urbanisation and Climate Change
Republic of Türkiye
