COP31 TÜRKİYE ANTALYA

SUBJECT: Invitation to Participate in the Least Developed Countries Green Industrialisation Facilitation (LDC-GIF) Mechanism

On behalf of the COP31 Presidency, we extend our respects to you, and it is our honour to inform you of the following.

As we prepare for the upcoming 31st Conference of the Parties (COP31) to the UN Framework Convention on Climate Change in Antalya, our focus is on translating collective climate ambition into concrete and practical action. Through the COP31 Action Agenda, we are placing implementation at the heart of our efforts. Building on the framework of the Global Climate Action Agenda, we designed the COP31 Action Agenda as a practical implementation platform that complements formal negotiations by mobilising voluntary action, partnerships and coalitions among Parties and non-Party stakeholders to accelerate implementation and deliver tangible results across ten priority areas for climate action.

As part of this effort, the COP31 Presidency is honoured to share the attached concept note for the Least Developed Countries Green Industrialisation Facilitation (LDC-GIF) Mechanism, a proposed global, demand-driven mechanism aimed at supporting Least Developed Countries in advancing and implementation of green industrial projects from early-stage concepts towards investment readiness.

The mechanism responds to persistent gaps in project preparation, technical capacity, access to appropriate technologies and financing that prevent viable projects from reaching implementation. It will connect country-led priorities with technical expertise, technology partners, project-development support and relevant sources of finance, helping to translate green industrialisation ambitions into investable projects and tangible development outcomes.

On behalf of the COP31 Presidency, we would like to invite you to support the LDC-GIF Mechanism. Your cooperation would be highly appreciated as we advance our joint efforts towards COP31 and beyond.

For further information or expression of support, please contact ldc-gif@sanayi.gov.tr and greenindustrycop31@iklim.gov.tr.

We look forward to working with you towards a successful COP31 in Antalya.

Murat Kurum
COP31 President-Designate
Minister of Environment,
Urbanisation and Climate Change
Republic of Türkiye

Mehmet Fatih Kacır
Minister of Industry and Technology
Republic of Türkiye
