CIF VALUE THRESHOLDS

For import declarations, the base rate shown on the relevant inbound rate page applies up to USD 15,000. Above that level, the customs-brokerage tariff is calculated progressively by band. See Shipping Guide Sec. 9.3, p. 19.

CIF VALUE BAND	ADDITIONAL CUSTOMS-BROKERAGE FEE
Up to USD 15,000	Base declaration tariff applies; no CIF-based addition.
USD 15,001–225,000	+0.3% of the amount above USD 15,000.
USD 225,001–2,000,000	+0.1% of the amount above USD 225,000.
USD 2,000,001–10,000,000	+0.01% of the amount above USD 2,000,000.
Above USD 10,000,000	Cumulative fee through USD 10m + mutually agreed fee of at least 0.003% of the remainder.

IMPORTANT

Progressive calculation: each percentage applies only to the CIF portion in its band; this is a brokerage fee, not a customs duty or tax.
